DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ilya Chorny on 03/13/06.

The application has been amended as follows:

- Claim 1, on last line: deleted "." and inserted -- and wherein said active layer includes an SCH structure having a light emitting layer sandwiched between two light guide layers, and has an asymmetrical structure in a stacking direction of the layers so that light can spread toward the ridge. --.
- Canceled claim 8.

Allowable Subject Matter

Claims 1-7 and 9-18 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 has been allowed over the Kan et al. (6002701) and admitted prior art in this instant application because the following reason:

Art Unit: 2828

Kan et al. show in Fig.1A all limitations of amended claim 1 **except for** the saturable absorption layer (18) being epitaxially grown on a semiconductor layer having a refractive index equal or greater than that of the second clad layer (15).

Whereas, admitted prior art discloses in Fig.12 all limitations of amended claim 1 **except for** a semiconductor layer having a refractive index equal or greater than that of the second clad layer (4) and the active layer (3) includes an SCH structure having a light emitting layer sandwiched between two light guide layers, and has an asymmetrical structure in a stacking direction of the layers so that light can spread toward the ridge.

However, there is no teaching and motivation to combine these above prior art.

Claims 2-7 and 9-18 have been found allowable due to their dependency on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
